

Visoka škola strukovnih studija za informacione i komunikacione tehnologije u
Beogradu

Visoka ICT škola

Web programiranje 1 – Dokumentacija za sajt

Ime i prezime studenta: Marjanovic Aleksandar

<https://thehandofking.github.io/CodeAlign/>

Broj indeksa: 115/17

Decembar 2018, Beograd

Sadržaj:

1. Uvod

1.1. Korišćeni programski i markup jezici

1.2. Opis funkcionalnosti

1.3. Izgled

1.4. Korišćeni CSS 2. Organizacija

2.1. Organizaciona šema

2.2. Sitemap

3. Kodovi

1 Uvod

Sajt za predmet Web Programiranje 1 napravljen je po uzoru na sajt Pluralsight.com bez potpunog responsive design-a.

1.1 Korisceni programski i markup jezici

HTML 5, CSS 3, Javascript, JQuery

1.* Pored ovoga korisceni su i font awesome fontovi i dodatan jquery kod u vidu rotacije jRotate.js i google 'Roboto' font

1.2 Opis funkcionalnosti

Index.html

Dinamicki ispis

Dinamicki ispis sadržaja koriscen je u footer delu sajta za ispisivanje p tagova, odnosno grupe tagova kojih ima puno, dinamicki se menja jezik, po promeni selekcije menja se sadržaj tagova tako da odgovara sledecim jezicima: Srpski, Engleski, Francuski I Nemacki. Ova funkcionalnost je podrzana na index.html i login.html

Ostale funkcionalnosti

Hoverom preko 3 klasna diva jedan od njih se povecava a ostala 2 smanjuju, originalan sadržaj se gubi, I menja ga novi sadržaj, ciji je prvobitan display none, ovo je odradjeno u jquery-ju bez ikakvih dodataka. Loading rotacija I rotacija rakete I aviona je odradjena preko jRotate.js fajla, u kome se koristi dodatan jquery kod I dodatka –webkit rotate.

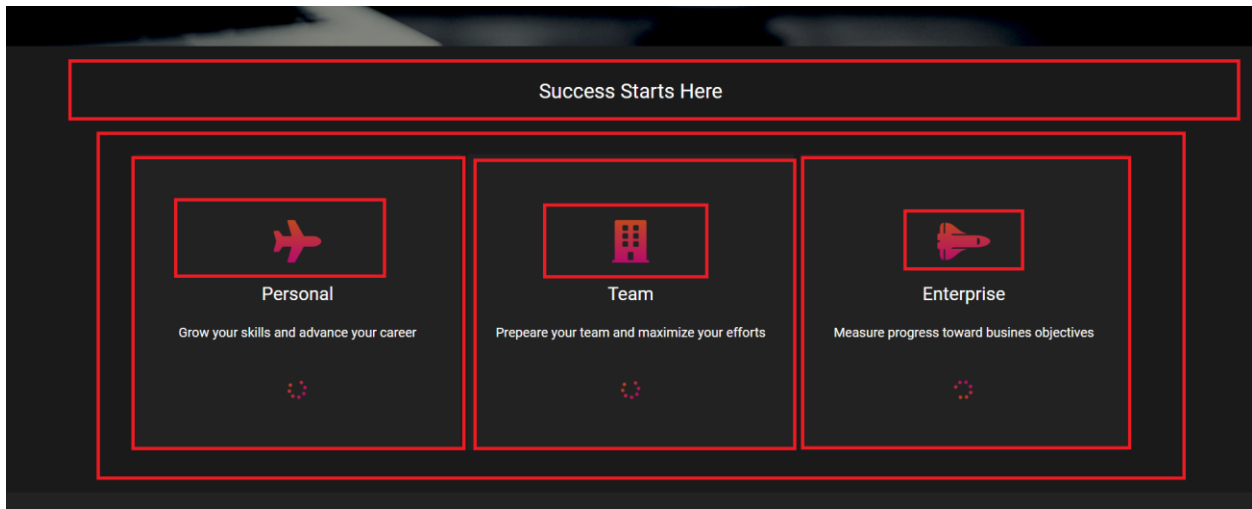

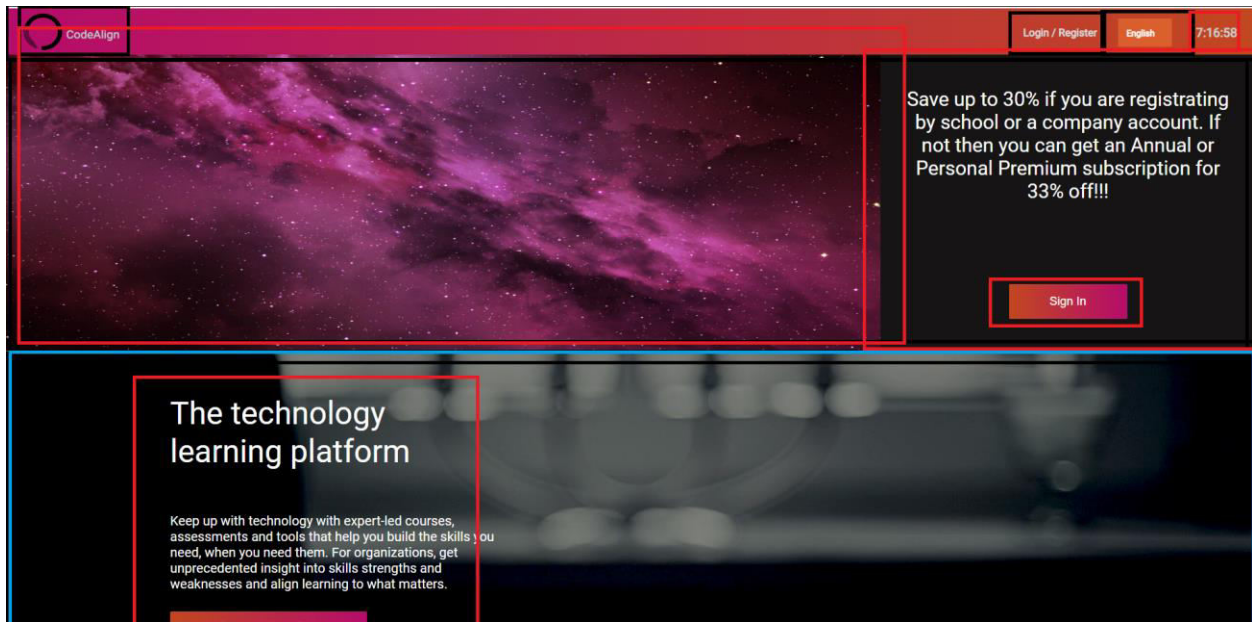

Scroll top dugme (jQuery) – klikom se vraca na vrh stranice na kojoj se korisnik nalazi, skrolovanjem na odredjenu daljinu ono se prikazuje, pre toga se nece prikazati

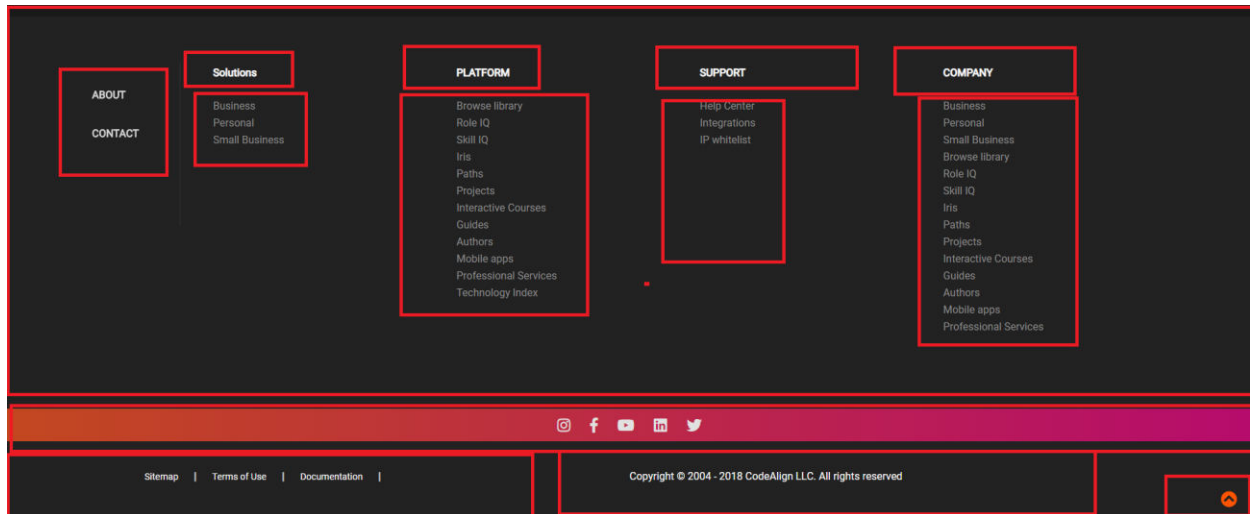

Register.html

Validacija je odradjena u real-time-u, odnosno regex se pregleda svo vreme (on(keypress, keydown i keyup)). Validacija na submit je najobicnija, ako se korisnik slaze sa onim sto je navedeno pored checkboxa, I klikne na checkbox submit postaje enabled I menja boju sa sive na narandzastu, kada se odcekira checkbox desava se suprotno. Za login nema validacije.

1.3

Izgled, kao sto je vec navedeno je po uzoru na pluralsight, bez preuzimanja dodatnih pomocnih sredstava, kod sam ja napisao

Html kod index

1.4 Korisceni Css

Css sam ja pisao, jedina novina je dotatak webkit za rotacije I linearni gradijent za pozadinsku boju, koji nije podrzan, u datom trenutku od strane IE.
